NOTIFICATION

Addendum

The following communication, dated 10 October 2024, is being circulated at the request of the delegation of the United States of America.

Title: Energy Conservation Program for Appliance Standards: Certification Requirements, Labeling Requirements, and Enforcement Provisions for Certain Consumer Products and Commercial Equipment

Table with 2 columns: Reason for Addendum, and a list of notification options with checkboxes and dates.

Description: The U.S. Department of Energy ("DOE") is publishing a final rule to establish and amend the certification provisions, labeling requirements, and enforcement provisions for specific types of consumer products and commercial and industrial equipment...

The effective date of this rule is 23 December 2024. This rule establishes new and amended certification and labeling requirements. For products or equipment for which this rule establishes the initial certification regulations for certifying compliance with new or amended standards,

1 This information can be provided by including a website address, a pdf attachment, or other information on where the text of the final/modified measure and/or interpretive guidance can be obtained.

manufacturers must submit the initial certification report for basic models distributed in commerce beginning 7 May 2025. For basic models with existing certification regulations, the amendments to the reporting requirements for certifying compliance with existing standards will be mandatory beginning with the annual certification report submitted on or after 7 May 2025.
