<input type="checkbox"/>	Other:

Description: The Energy Policy and Conservation Act, as amended ("[EPCA](#)"), prescribes [energy conservation standards](#) for various consumer products and certain commercial and industrial equipment, including non- weatherized oil-fired furnaces ("NWOFs"), mobile home oil-fired furnaces ("MHOFs"), weatherized gas furnaces ("WGFs"), weatherized oil-fired furnaces ("WOFs"), and electric furnaces ("EFs"). EPCA also requires the U.S. Department of Energy ("DOE") to periodically review its existing standards to determine whether more-stringent, amended standards would be technologically feasible and economically justified, and would result in significant energy savings. In this final determination, DOE has determined that the energy conservation standards for [EFs, NWOFs, MHOFs, WOFs, and WGFs](#) do not need to be amended.

The effective date of this final determination is 18 November 2024.
