This addendum concerns the notification of the draft of the Egyptian standard ES 182-4 "polyvinyl chloride insulated cables of rated voltages up to 450/750 v part 4- sheathed cables for fixed wiring" (13 pages in Arabic).

It should be noted that the Ministerial Decree No. 423/2005 (12 pages, in Arabic) which was formerly notified in G/TBT/N/EGY/3 dated 14 December 2005 mandated among others the earlier versions of this Standard.

Worth mentioning is that this draft standard is technically identical to IEC 60227-4 /2024

Producers and importers are kept informed of any amendments in the Egyptian standards through the publication of administrative orders in the official gazette.

¹ This information can be provided by including a website address, a pdf attachment, or other information on where the text of the final/modified measure and/or interpretive guidance can be obtained.
