6. Description of content: The draft Resolution provides for the approval of:

- the Technical Regulation on Requirements for Motor Alternative Fuels;
- an Amendment to the List of Types of Products Subject to State Market Surveillance by the State Market Surveillance Authorities, approved by Resolution of the Cabinet of Ministers of Ukraine No. 1069 of 28 December 2016.

The Technical Regulation sets out the requirements for motor alternative fuels placed on the market for use in internal combustion engines of vehicles adapted for such fuels. It contains, inter alia, provisions on requirements for the placing motor alternative fuel on the market and conformity assessment, as well as five annexes.

Compared to the previous version of the draft Technical Regulation, the revised version contains updated provisions on conformity assessment and excludes the annexes to the Technical Regulation previously related to requirements for Hydrotreated Vegetable Oil (HVO), characteristics of fatty acid methyl esters (FAME) and the quality of B100 biodiesel in accordance with the relevant standard.

The placing on the market and supply of motor alternative fuel are permitted if the requirements of this Technical Regulation are complied with.

The labeling of motor alternative fuels placed on the market shall comply with Annex 1 to this Technical Regulation.

Motor alternative fuels intended for gasoline engines shall meet the technical requirements set out in Annex 2 to the Technical Regulation.

Motor alternative fuels intended for diesel engines shall meet the technical requirements set out in Annex 3 to the Technical Regulation.

The Technical regulation has been developed on the basis of the Law of Ukraine "On Alternative Fuels", taking into account Directive (EU) 2018/2001 of the European Parliament and of the Council of 11 December 2018 on the promotion of the use of energy from renewable sources, Directive 98/70/EC of the European Parliament and of the Council of 13 October 1998 relating to the quality of petrol and diesel fuels and amending Council Directive 93/12/EEC, Directive 2009/30/EC of the European Parliament and of the Council of 23 April 2009 amending Directive 98/70/EC as regards the specification of petrol, diesel and gas-oil and introducing a mechanism to monitor and reduce greenhouse gas emissions and amending Council Directive 1999/32/EC as regards the specification of fuel used by inland waterway vessels and repealing Directive 93/12/EEC.

7. Objective and rationale, including the nature of urgent problems where applicable: National security requirements; Prevention of deceptive practices and consumer protection; Protection of the environment; Quality requirements; Harmonization
