This addendum concerns the notification of the Ministerial Decree No. 246 /2025 (5 pages, in Arabic) that gives the producers and importers a twelve-month transitional period to abide by the Egyptian Standard ES 182-4 "polyvinyl chloride insulated cables of rated voltages up to and including 450 / 750 v - part 4 : sheathed cables for fixed wiring" (13 pages, in Arabic).

It should be noted that the Ministerial Decree No. 423/2005 (12 pages, in Arabic) which was formerly notified in G/TBT/N/EGY/3 dated 14 December 2005 mandated among others the earlier version of this standard and the draft of this standard was formerly notified in G/TBT/N/EGY/3/Add.87 dated 18 December 2024.

Worth mentioning is that this standard is technically identical with IEC 60227-4 /2024.

Producers and importers are kept informed of any amendments in the Egyptian standards through the publication of administrative orders in the official gazette.

¹ This information can be provided by including a website address, a pdf attachment, or other information on where the text of the final/modified measure and/or interpretive guidance can be obtained.

Proposed date of adoption: 11 August 2025.

Proposed date of entry into force: The day following the date of publication in the official gazette.
