NOTIFICATION

Corrigendum

The following communication, dated 16 July 2026, is being circulated at the request of the delegation of the United States of America.

Regulatory Guide: Acceptability of ASME OM-2 Code, Component Testing Requirements at Nuclear Facilities

Reason for corrigendum:	
☐	Notification circulated in error
☒	Clerical error in notification
☐	Clerical error in notified measure/reference document
☐	Other

Description:

This corrigendum further revises the notification to correct the notification basis. The measure should be notified only under "Other" rather than under Article 2.9.2. This correction does not affect the substance of the measure or the previous corrigendum concerning the effective date of Regulatory Guide, 1.220, Revision 0.
