### NOTIFICATION

The following notification is being circulated in accordance with Article 10.6

<b>1. Notifying Member:</b> <u>TÜRKİYE</u> <b>If applicable, name of local government involved (Articles 3.2 and 7.2):</b>
<b>2. Agency responsible:</b> Ministry of Industry and Technology DG for EU and Foreign Affairs Mustafa Kemal Mah. Dumlupınar Bulvarı Eskişehir Yolu 2151. Cad. No:154 Cankaya - Ankara/ Türkiye E-mail: <a href="mailto:sumeyye.sabanci@sanayi.gov.tr">sumeyye.sabanci@sanayi.gov.tr</a>
<b>3. Notified under Article 2.9.2 [X], 2.10.1 [ ], 5.6.2 [ ], 5.7.1 [ ], 3.2 [ ], 7.2 [ ], Other:</b>
<b>4. Products covered (HS codes or national tariff lines. ICS numbers may be provided in addition, where applicable):</b> Ecodesign requirements for local space heaters and separate related controls
<b>5. Details of notified document(s) (title, number of pages and languages, means of access):</b> Draft Communiqué (2024/1103/AB) (SGM-2025/..) On Ecodesign Requirements for Local Space Heaters and Separate Related Controls; (38 page(s), in English) <b>Link to notified document(s) and/or contact details for agency or authority which can provide copies upon request:</b> <a href="https://members.wto.org/crnattachments/2025/TBT/TUR/25_06842_00_e.pdf">https://members.wto.org/crnattachments/2025/TBT/TUR/25_06842_00_e.pdf</a>
<b>6. Description of content:</b> This Communiqué applies to the following related products: (1) This Communiqué covers domestic local space heaters with a nominal thermal power of 50 kW or less and commercial local space heaters with a nominal thermal power of 300 kW or less of the product itself or a single pipe section and the related separate controls. (2) This Communiqué shall not cover: (a) local space heaters using a vapour compression cycle or sorption cycle for the generation of heat driven by electricity or fuel; (b) local space heaters designed, tested, marketed and declared exclusively for outdoor use; (c) local space heaters of which the direct heat output is less than 6 % of the combined direct heat output and indirect heat output at nominal heat output; (d) air heating products; (e) sauna stoves; (f) cooking appliances.

<p>(3) Manufacturers, importers or authorised representatives shall not consider a product to fall outside the scope of this Communiqué on the basis of paragraph 2, if the design, the technical characteristics, the intended use, the marketing claims or any other information provided by the manufacturer, importer or authorised representative accompanying that product do not sufficiently distinguish it from local space heaters covered by this Communiqué.</p>
<p><b>7. Objective and rationale, including the nature of urgent problems where applicable:</b> The purpose of this Communiqué is to lay down ecodesign requirements for the placing on the market and putting into service of domestic local space heaters with a nominal heat output of 50 kW or less and commercial local space heaters with a nominal heat output of the product or a single tube segment heat output of 300 kW or less for the implementation of the Regulation on Environmentally Friendly Design of Energy-Related Products put into force by the Presidential Decree dated 4/2/2022 and numbered 5187. This Communiqué also lays down ecodesign requirements for separate related controls.</p> <p>This Communiqué has been prepared within the framework of harmonization with European Union legislation based on Commission Regulation (EU) 2024/1103 of April 18, 2024 on Environmentally Friendly Design Requirements for Space Heaters and Related Separate Controls, Implementing Directive 2009/125/EC of the European Parliament and of the Council, Repealing Commission Regulation (EU) 2015/1188.; Consumer information, labelling; Harmonization</p>
<p><b>8. Relevant documents:</b></p> <p>The Product Safety and Technical Regulations Law No. 7223 dated 5/3/2020, Article 388 of the Presidential Decree No. 1 on the Organization of the Presidency and the Regulation on Environmentally Responsible Design of Energy Related Products.</p> <p>Commission Regulation (EU) 2024/1103 of April 18, 2024 on Environmentally Friendly Design Requirements for Space Heaters and Related Separate Controls, Implementing Directive 2009/125/EC of the European Parliament and of the Council, Repealing Commission Regulation (EU) 2015/1188.</p>
<p><b>9. Proposed date of adoption:</b> This Communiqué will be adopted upon its publication.</p> <p><b>Proposed date of entry into force:</b> This Communiqué enters into force one year after the date of its publication.</p>
<p><b>10. Provision of comments</b></p> <p><b>Final date for comments:</b> 12 December 2025</p> <p><b>[X] 60 days from notification</b></p> <p><b>Contact details of agency or authority designated to handle comments regarding the notification:</b></p>
